SUES FOR \$10,000.

G. Bert Repasz Asks Sum for Injuries on Street Car Tracks.

Suit at law was instituted today by G. Bert Repasz against the District of Columbia and the Capital Traction Company to recover \$10,000 damages for personal injuries alleged to have been received by him as a result of the defective condition of a street.

In the declaration filed by Attorneys Wilton J. Lambert, R. H. Yeatman and James P. Kelly, it is alleged that October 27, 1913, while Mr. Repasz was walking south across M street, a little to the west of 2nd street, he stumbled or slipped as a result of a depression in the street adjoining the tracks of the railway company, and received a sprained ankle, as well as bruises of his elbow and wrist.

It is claimed that the District and the railway company had knowledge for a long time of this defective condition of the street.

Capt. William B. McKenzie, sixty-six years old, who carried on a large oyster and crab packing house, died at Easton, Md., Tuesday.

Bronchial Coughs

are too wearing and dangerous for experiment or delay—pneumonia or consumption easily follow.

PLANS MATURING FOR CITY CLEAN-UP

Six-Day Campaign for Sanitary Conditions to Be Inaugurated April 13.

OWNERS OF VACANT LOTS TO BE ASKED TO GIVE AID

Notification Cards to Be Sent to Home Owners and School Children.

Owners and agents of vacant lots will be asked to co-operate in Washington's clean-up campaign, April 13 to 18, by seeing that the property under their control is placed in a sanitary condition.

With the object of extending the sanitation propaganda to every foot of territory in the District, the clean city committee is preparing to give much attention to the vacant lot problem. Post cards printed with blank spaces for square and lot numbers will be ordered, and these will be filled out and sent to the owners and agents of vacant property that is found to be trash-infested.

Within the next few days the committee will order 10,000 clean-up cards, which will be distributed to home owners by representatives of the various citizens' associations participating in the campaign.

Cards for School Children.

In addition, it will order 50,000 cards for distribution among school children. All the cards will contain the request that they be filled out and returned to the committee as soon as those to whom they have been distributed can certify that the property which they own or occupy have been cleaned up.

Not only is the campaign expected to result in the removal of tons of refuse that would serve as fly-breeding centers, but it is expected to be a big factor in reducing the size of the mosquito population this summer as well. The cans shown on vacant lots, becoming partly filled with water from summer rains, are an aid to the development of mosquitoes. The clean city workers, therefore, will endeavor to see that vacant lots are left on either vacant or occupied property at the conclusion of the campaign.

Maj. Sylvester Directs Police Department to Aid in Clean City Campaign

Maj. Sylvester is going to have the entire police department participate in the campaign for a clean city. According to reports recently issued by the superintendent of police, the force is not to wait until April 13, when the work of cleaning the city is scheduled to begin, but is to see to the enforcement of the laws at all times.

"Every citizen is urged to co-operate in the clean-up campaign," it is stated in instructions that soon will be issued to the police.

In an order issued this week Maj. Sylvester called attention to violations of the regulation against dropping paper and other debris on the streets from wagons, while in another order he stated:

"At this season of the year it is important that the members of the force draw attention to alleyways, blind alleys, back yards and vacant lots in the District of Columbia, to the end that they may be kept clear of refuse or other decomposing matter, particularly now that the ground is thawing, when conditions deleterious to health are more readily spread."

"The officers on their respective beats and posts can render a good service to the public, and the force is to help themselves by giving these matters close attention, and making prompt report of the same to the various departments charged with the enforcement of the laws and regulations."

Clean-Up Week Program.

Later in the week the superintendent of police will issue instructions as to what is expected of members of the force during the week set apart for a general cleaning of the entire city and District, as follows:

"You will direct, and observe, that your orders are carried into effect, to the end that every reasonable action be taken by the members of your command to make the city lot as presentable from a standpoint of cleanliness; the waste paper nuisance should not be forgotten, nor spitting on the sidewalks, the throwing of matches and waste into the streets, into the gutters and on the sidewalks."

"Where old material, not deleterious to health, is deposited on vacant lots, streets or other places where the police have supervision, they should urge those responsible to have the same removed, and where decomposed matter and such as comes within the laws and regulations is deposited the parties responsible therefore should be prosecuted."

"The members of the force should co-operate with the Capital Traction Company in rendering a continued improvement of the service, which has been accomplished up to the present time, and it is hoped that the interest of the force will not be lacking in this regard, to the end that Washington may be improved and maintained as a clean city. This does not apply only to the city of Washington, but to any and all parts of the District."

"There are fruit vendors and keepers of stands of many kinds who enjoy certain privileges in the occupancy of space about their establishments and this should not be countenanced unless those occupying such places are mindful of the order that cleanliness must prevail."

Cards to Householders.

Cards of instructions will be delivered to occupants of every house in the District. The distribution will be made by the police under supervision of the captains of the several precincts, and the police will be instructed strictly to enforce the laws relating to questions involving health and cleanliness.

FILED FOR PROBATE.

Will of Mrs. Cook Gives Estate to Husband and Children.

The will of Mary L. Cook, dated August 4, 1913, has been filed for probate. She leaves \$50 to Charles Pocht, who formerly lived with the family and was known as Charles Cook. To her husband, Leonard B. Cook, she gives premises 483 and 485 Maryland avenue southwest during his life. He is also to have the use of house No. 485 Maryland avenue as long as he remains a widower.

On the death of her husband house No. 483 Maryland avenue goes to her daughter, Ella B. Ridenour; premises No. 485 Maryland avenue to her son, Henry C. Cook, and premises No. 485 Maryland avenue to another daughter, Mary E. Cook. The personal property is given to the daughter Mary E. Cook, who is also to act as executrix.

The executrix has filed a petition for the probate of the will. She is represented by Attorney Fulton Lewis.

That E. Graham Wilson, a wealthy farmer of Charles Town, must serve fourteen years in the West Virginia penitentiary was decided by the supreme court of appeals at Charleston Tuesday. Wilson was convicted of a crime against Miss Kate Turner.

Abe Martin Says:

A five-cent picture show don't only have something fer th' imagination, but also something fer th' groceryman.

HERMAN A. KABANSKY

INDICTED FOR MURDER

Man Who Shot Three in Wife's Family to Face Trial—True Bills Against Others.

Herman A. Kabansky, who last Friday ran amuck with a pistol at the home of his father-in-law, Abraham Raboy, 1816 7th street northwest, and shot his wife, a small brother-in-law and his wife's mother, Lena Raboy, was indicted today by the grand jury for murder in the first degree. The wound in the head of the mother-in-law proved fatal, and it is for her death that the grand jurors held Kabansky responsible.

The other assassinations charges have not been called to the attention of the grand jury.

Among the witnesses before the grand jury was Rosie Raboy, ten years old. It is said she begged Kabansky not to shoot her mother. Other witnesses examined were Abraham Raboy, Samuel Raboy, Bessie Raboy, Mrs. White and Ready and Policeman Thomas L. Edwards, who engaged in a duel with the accused before he was apprehended.

Indicted for Grand Larceny.

Alfred Hirsch was indicted for grand larceny. It is alleged that he stole a fur valued at \$20 each which were being shipped by a local dealer to Brooklyn, N. Y., by an express company. When the company's wagon reached the depot the furs were missing. Later it was traced to a second-hand dealer, who, it is stated, claimed he bought the furs from Hirsch.

Fred Meyers, alias Webber, alias De Alvey, was also charged with grand larceny in an indictment returned today.

It is alleged that February 23 last Meyers obtained possession of a tray of diamonds belonging to Francis R. Hillyard, a jeweler, on the pretext of showing them to his wife, but that he never selected one. He was recently apprehended in New York.

Valuable Diamonds on Tray.

According to the indictment the tray contained a diamond ring worth \$150, one worth \$100, another ring valued at \$83 and one worth \$50; also a pair of diamond earrings worth \$100 each.

Other indictments returned charged Carl Norris and Joseph Poote with housebreaking and larceny, and George C. Scott and Thomas Johnson with non-support.

NEGRO WOMAN IS SHOT AND MAY NOT RECOVER

Belle Harper, Driven From "Red Light" District, Gets Bullet Through Lungs.

Belle Harper, colored, who is said by the police to have been driven from the "red light" district by the enforcement of the Kenyon law, last night was shot through her lungs and left arm. The police suspect William Washington, also colored, of doing the shooting. She was taken to Emergency Hospital, and physicians fear she will not recover.

The shooting occurred in a room the woman occupied at 483 Missouri avenue northwest, where she was being entertained by Washington and the Harper woman were friends long before she moved to the Missouri avenue address, but during the past few weeks they have not been on speaking terms.

Two weeks ago Washington was arrested for assaulting the Harper woman, the police say, and forfeited \$10 collateral in Police Court. They were told that he followed the woman to Baltimore several days ago, but failed to find her there.

Last night Belle and a colored man were seated at a table playing cards, the police were told, when suddenly the door was forced open and three shots fired. The man who fired the shots quickly disappeared, and the wounded woman was taken to the hospital.

To Discuss Tax Issue.

The proposition to increase taxes in the District of Columbia by the "Johnson-Prouty amendment" is scheduled for discussion at the Public Library tomorrow night by Herbert J. Browne, Thomas E. Will, Julian Pierce and others at a meeting held under the auspices of the Study Club in Economics. The meeting will be open to the public.

STONE & FAIRFAX

1342 New York Ave.

NEW HOME FOR NATIONAL SAVINGS AND TRUST CO.

BUILDING TO BE ERECTED ON THE SITE OF THE PRESENT STRUCTURE AT THE NORTHEAST CORNER OF 15TH STREET AND NEW YORK AVENUE.

CONTRACT AWARDED FOR BANKING HOUSE

National Savings and Trust Company to Erect Five-Story Building.

A five-story building of classic design containing what will be the largest banking room in Washington is called for in plans which have been prepared by Appleton P. Clark, Jr., architect, for the new quarters for the National Savings and Trust Company, at 15th street and New York avenue northwest.

The contract to erect the building was awarded yesterday afternoon by the board of directors to the Boyle-Robertson Construction Company. The work will cost approximately \$200,000.

The erection of the new building will be done in such a way as to permit the business of the bank to continue without interruption. This will necessitate the erection of a temporary inner wall while the present brick walls are razed and walls of granite erected in their stead. The work will necessitate a complete change in the upper floor, the tenants of which will be temporarily housed in the Lenman building.

The adjoining possession of a tray of diamonds belonging to Francis R. Hillyard, a jeweler, on the pretext of showing them to his wife, but that he never selected one. He was recently apprehended in New York.

First Floor for Banking Use.

The new building for the bank will have a frontage of 120 feet on the 15th street side, the same as it is at present. The frontage on the New York avenue side will be increased by fifty feet, which will make the total about 175 feet. The entire first floor is to be utilized by the bank, the main entrance to which will be at present at the corner of the building, facing the intersection of 15th street and New York avenue.

The addition of the New York avenue side will occupy property now included in the Lenman building. It is numbered 122 and 1425 New York avenue.

An entrance to the upper floors of the building, which will be arranged for office purposes, will be provided at the north end of the 15th street frontage. This will lead into a public corridor, where two elevators will be located. From the corridor there will be an entrance into the banking room.

The banking room will be approximately 100 feet square and will have a high ceiling. The walls will be finished in buff-colored Caen stone and the floor will be of marble. The rear portions of the room will be lighted by a large dome in the ceiling, above which there will be a light sixty office rooms will be about forty feet in diameter and will be glazed with art glass.

Fixtures to Be of Bronze.

All of the fixtures in the banking room will be of bronze. The doors at the main entrance will be of the same material. The New York avenue and east sides of the banking room will be devoted to the banking department, while the 15th street side will be utilized for rooms for the officers and the trust department. Just within the entrance at the right-hand side a large ladies' department will be provided.

The vaults for use by the bank and by the safe deposit department will be located in the basement of the building. They will be accessible both by stairs and by an elevator. The safe deposit vault will be about 50 by 100 feet in size. The money vault will measure 16 by 60 feet. The door to this vault will be eight feet in diameter, and will be more than two feet thick of solid steel. Both vaults will be fitted with the latest time-lock appliances, and will be lighted and ventilated in the most approved manner.

Mezzanine Floor at North End.

At the north end of the banking room a mezzanine floor will be provided. This will be arranged for the use of the bookkeeping forces and for other clerical purposes. The elevator connecting with the basement also will extend up to this level. A large room arranged for use by the board of directors of the institution will be provided beneath the mezzanine floor.

About thirty office rooms will be provided on the upper floors. On the top a courtroom for use by the United States Court of Customs Appeals will be located. This room will measure 45x55 feet, and adjoining it will be smaller rooms for the officers of the court and clerical force.

The erection of the new building for the National Savings and Trust Company has been forced to make in its quarters

SPEAK TO SOUTH AMERICANS.

Mrs. Kuyper and Miss Thomas to Address Club Tonight.

Mrs. Claude Kuyper and Miss Mary L. Thomas are scheduled to speak at the meeting of the South American Club to be held at 8 o'clock this evening at the Young Women's Christian Association, 936 F street. This meeting will be the fourth of a series which has been held

in March under the auspices of the club. Mrs. Frank Edgington, president, announces that Mrs. Kuyper's topic will be "Missionary Work in South America."

Miss Thomas will speak on association work, with special reference to the work of the Y. W. C. A. in Buenos Aires.

Miss Thomas is the general secretary of this association, which is the only fully established one on the continent of South America. The Washington Y. W. C. A. through the members of the South American Club, contributes to the support of the secretary of the Buenos Aires association. Members and friends of the Y. W. C. A. are invited to the meeting.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops the discharge and the feeling of cleansing, soothing relief comes immediately.

Don't lie awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Agent, O'Donnell's Drug Store.
